

Acknowledgments

I have profound gratitude and respect for Dr. Dalano Hoang, my associate editor and husband. He has been with me in every step of the way as the Clinic Director of our aesthetic practice and much more. Although he personally does not perform aesthetic procedures, his knowledge of the many aspects of aesthetic medicine is extensive and invaluable. His clear, concise writing style combined with my knowledge of minimally invasive aesthetic procedures yielded this straightforward procedure book and also the Botulinum Toxin Procedures book.

A special thanks to Dr. John L. Pfenninger and Dr. E.J. Mayeaux who have inspired and supported me, and taught me much about educating and writing.

The University of California, San Francisco, and the Natividad Medical Center family medicine residents deserve special recognition. Their interest and enthusiasm for aesthetic procedures led me to develop the first family medicine aesthetics training curriculum in 2008. Special recognition is also due to the primary care providers who participated in my aesthetic courses at the American Academy of Family Physicians national conferences over the years. Their questions and input further solidified the need for this practical guide series.

I am indebted to my Capitola office staff for their ongoing logistical and administrative support which made it possible to write this series.

Special acknowledgments are due to those at Wolters Kluwer Health who made this book series possible, in particular, Kerry Barrett, Sonya Seigafuse, Freddie Patane, Brett MacNaughton, and Doug Smock. It has been a pleasure working with Liana Bauman, the gifted artist who created all of the illustrations for these books.

Finally, I dedicate this second book in the series also to my 5-year-old son, Kaidan Hoang, for the unending hugs and kisses that greeted me no matter how late I got home from working on this project.
