A

Advanced dermal filler procedures, 7–8
 chin augmentation with CaHA as, 91–97
 dermal filler products for, 7–8
 injection techniques for, 8
 treatment areas for, 9t
 Aesthetic consultation, 16
 Aesthetic Intake Form, 16, 161–162
 American Society for Aesthetic Plastic Surgery, 5, 9
 Anesthesia, 29–46. *See also specific treatment area*
 goals of, 29
 methods used, 29
 ice and other coolants, 44–46 (*See also* Ice and topical coolants)
 injectable anesthetics, 30–42 (*See also* Injectable anesthetics)
 topical anesthetics, 42–44 (*See also* Topical anesthetics)
 preprocedure checklist, 29
 Atrophic depression scars, 145. *See also* Scars, treatment of

B

Basic dermal filler procedures, 6–7
 dermal filler products for, 6
 injection techniques for, 7
 treatment areas for, 9t
 Beletero®, 27
 Benzocaine:lidocaine:tetracaine (BLT), 42–43, 43t, 61, 69, 79, 140, 147. *See also* Topical anesthetics
 Biometric reduction, 5
 Biostimulants, 12
 Blindness, 52, 143, 165
 Botulinum toxin treatment
 of depressor anguli oris muscles, 75
 for frown lines, 137, 143
 of glabellar complex, 143
 of mentalis muscle, 83, 97
 of nasolabial folds, 66
 of orbicularis oris muscle, 107–108, 115, 124
 Braces, 100, 110, 118
 Bruising, after dermal filler procedures, 25, 26f, 47, 48f, 66, 73, 81, 90, 96, 107, 114, 124, 135, 142, 149, 160

C

Calcium hydroxylapatite (CaHA), 8, 9, 11. *See also* Radiesse; *specific treatment area*
 and lidocaine preparation, 12–13, 13f

Cheek flattening, 1f, 2f
 Chin augmentation, with CaHA, 91–97
 anatomy related to, 91
 square, 92f
 triangular chin, 92f
 anesthesia for, 94
 equipment for, 93
 overview of, 93, 93f
 before and after dermal filler treatment, 91f
 combining aesthetic treatments with, 97
 contraindications to, 14, 92
 dermal filler procedure
 and duration of effects, 96
 equipment for, 93
 overview of, 93–94, 94f
 performing of, 94–96, 95f
 results of, 91f, 96
 and subsequent treatments, 96
 dermal filler product for, recommended, 92
 dermal filler treatment volumes, 92–93
 follow-ups and management after, 96
 patient assessment for, 91–92
 pricing for, 97
 treatment goals, 92
 Chin flattening, 1f, 2f
 Complications, 47–56, 165. *See also specific treatment area*
 asymmetry/undercorrection, 48
 blindness, 52
 erythematous, tender bumps, and nodules, 50
 extensive bruising, 47, 48f
 filler bumpiness, 48
 granulomas, 50–51, 51f
 hyperpigmentation, 50
 infection, 50
 keratoacanthomas, 51–52, 52f
 prolonged erythema, 49–50, 49f
 prolonged swelling, 48–49
 scarring, 54, 54f
 tissue ischemia and skin necrosis, 52–54, 53f
 Tyndall effect, 48
 unpredictable filler persistence, 48
 Consent form, for dermal filler treatments, 165–166
 Consultation process, 16
 Contact cooling device, 46
 Cross-hatching injection technique, with dermal fillers, 23, 23f
 Cupid's bow, 99
